It's your
choice

Add beauty, safety, and security to your home!

- Accenting • Uplighting • Silhouetting •
- Shadowing • Moonlighting • Grazing •

Ground Scapes specializes in easy-to-use photo cell timers and low-voltage systems that require less energy. Our certified and experienced installers can create the enchantment of a moon glow on your landscape, highlight the architectural features of your home, or add greater security with strategically placed lighting. Whatever you envision, Ground Scapes can deliver.

We can add to or maintain existing systems!

Call for a no-obligation home lighting demo!
